DELIcIOUS

SEVENTEENTH ANNUAL CATALOG 1919 UNION GROVE WISCONSIN
St. Regis Red Raspberries
The Best Everbearing Variety

Plants set in early April give ripe berries the latter part of June. The St. Regis is of ironclad hardihood, the canes standing severest cold uninjured, and its foliage never suffering from sunburn or scald. It is the earliest of all red raspberries and is wonderfully prolific, the first or main crop being far greater than that of any other red variety. It fruits all summer on the old canes in generous quantities until late in August, then berries begin to ripen on the young current year’s canes, which continue to produce in increasing numbers until severe frost. Berries are bright crimson, of large size and surpassing quality.
The Packing Gang

ANNOUNCEMENT

Dear Friends and Patrons: Again we greet you with our 1919 catalogue! Last season was the most prosperous in our history, in spite of the war and railroad embargoes; most of our shipments were made by express and parcel post which were pretty reliable, so that our customers were generally satisfied with the delivery of goods.

PRICES IN THIS CATALOGUE cancel all previous quotations and while they may seem high, this is due to the scarcity of stock and the high cost of labor. Our stock in some lines is very limited this season, so order early to be sure and get what you want, thus avoiding disappointment.

Thanking you for past business and trusting that you will favor us with your continued orders, I beg to remain,

With kindest regards,

W. J. MOYLE.

Conditions and Terms

Order at Once. Make sure of getting what you want by ordering early. If you are short of funds now, send one-third cash with order, and we will hold stock; and balance can be remitted later, before shipping season.

Terms Cash, or part cash with order; and balance as above stated. The Prices given in this catalogue are for quantities named, but five will be sent at the ten rate, fifty at the 100 rate, 500 at the 1,000 rate.

Shipping. We make no charge for packing, boxing, etc., and all stock is delivered to forwarders in good order, properly labeled and correctly packed. Freight and express charges are in all cases paid by the purchaser.

Special Low Express Rates are granted by all express companies on shipments of plants, about 20 per cent less than merchandise rates.

Complaints, if any, must be made at once upon receipt of stock, and, if just, will be cheerfully rectified.

We guarantee good stock and good packing.

While we exercise the greatest care to have all stock genuine, we do not give any warranty, and in case of any error on our part it is mutually agreed that we shall not at any time be held responsible for a greater amount than the original price of the goods.

Plants by Parcel Post. Gooseberries, currants, raspberries, blackberries, strawberries, grapes, shrubs, roses, peonies, vines and gladiolus, in limited quantities, can be cheaply sent by parcel post. As we have no method of telling what the postage on your shipment will be until packed, ready to go, we suggest that when your order is sent by mail, you agree to refund the postage due us on receipt of your stock.

Light apple trees and little evergreens can also be sent by parcel post but large apples, pears, cherries, plums and shade trees should in all cases be shipped by freight or express.

*Bradshaw*—Large, dark red, flesh green, juicy, productive, fine for market.

*German Prune*—Large, dark, purple, good.

*Lombard*—Medium, violet, red, juicy, good, hardy and productive, the leading market variety.

*Moore’s Arctic*—Small, purplish-black, juicy, sweet; immense bearer; one of the hardiest in bud and bloom.

*Reine Claude*—(Bayley’s Green Gage)—Very large, greenish fine, flavor.

*De Soto*—The fruit is of medium size, dappled red and yellow, ripening in September, and is firm, sweet and juicy. The tree is hardy and productive. Good for general planting and market purposes.

*Forest Garden*—The fruit is very large and round, purplish red, mottled with yellow, juicy, sweet and rich. The tree is clean, healthy, vigorous and productive.

*Hammer*—Of large size, firm, juicy and delicious. Tree is a good, strong grower.
Hawkeye—The tree is hardy, thrifty and an annual bearer. The fruit is large, light in color, mottled with red, of superior quality, very firm and an excellent shipper. It ripens in September.

Surprise—The tree is a strong, upright grower, withstanding the most severe winters without injury. The fruit is large, deep red in color, and has good keeping qualities. The flesh is very firm and of an excellent flavor.

Red June—Recommended as by all odds the best Japanese Plum, ripening before Abundance. One of the vigorous, upright growers; productive; fair size, vermilion red, pleasant quality

Compass Cherry

Compass Cherry—This is without a doubt the most unique fruit that has been introduced in many years. A cross between the sand cherry and our native plum. Enormously productive and absolutely hardy everywhere. Makes fine sauce and jelly. Price, nice trees, 35 cents each; $3 per $10; $25 per 100.

Peaches

Each 10 100

4 to 5 feet...

Crawford’s Early—A magnificent large yellow peach of good quality. Early in September.

Crawford’s Late—A superb, large, yellow peach. One of the best. Last of September.

Crosby—One of the hardiest, abundant bearer; medium size, bright yellow, fine quality. Middle of September.

Champion—A large, handsome, early variety, creamy white with red cheek, sweet, rich and juicy. Hardy and productive. August.

Elberta—Large, yellow, with red cheek; flesh yellow, firm, juicy. Exceedingly prolific, sure bearer and hardy. The leading market variety. Follows Early Crawford.

Success Juneberries

Success June Berries—One of our most desirable fruits for the garden. Very hardy and productive. Much like blue berries. 25c each, $2.25 per 10.
Gooseberries

Houghton and Downing .......$ .15 $1.00 $10.00
Chautauqua, Carrie .20 1.50 12.00

Downing—Large size, oval, greenish white; plant very vigorous and hardy, with stiff, strong shoots; foliage heavy, covering the fruit from the sun, and resisting mildew; bears most abundantly and is profitable for market and home use.

Carrie Gooseberries.

Houghton's Seedling—A vigorous American sort; very productive; free from mildew. Fruit medium, roundish, smooth, of a pale red color; tender, sweet and of delicious flavor.

Chautauqua—One of the most prolific large gooseberries grown. Bush strong and vigorous, berries light yellow, free from spines and hair; veined and transparent; sweet and delicious.

Carrie—Is extremely vigorous and healthy in foliage, and promises good. Of fine quality and the most productive of all. The berries hang in clusters like grapes on the branches.

Currants

Each 10 100

Prices $ .15 $1.00 $8.00

Fay's Prolific—The leading market variety. Extra large stems and berries, uniform in size, easily picked, exceedingly productive.

Perfection—A grand currant, large berry of finest quality; two weeks later in ripening than Fay. Each, 15c; $1.25 per 10; $12 per 100.

White Grape—Very large, yellowish white; sweet or very mild acid; excellent quality and valuable for the table. Productive.

Black Victoria—A strong, vigorous grower, making a neat bush of unfailing productiveness; fruit of fine flavor and enormous size; the largest black in cultivation.

The Wisconsin Nurseries, Union Grove, Wis. Dear Sir: I am herewith inclosing you $8 cents for the parcel post shipment that I received some time ago. The goods arrived in a safe condition and are all doing fine. Yours truly, HARVEY FISHER.

Cumberland—Bush perfectly hardy; very productive; fruit enormous; quality unsurpassed. The great firmness of the berry makes it a splendid shipper; ripens just after the Palmer and before the Gregg.

Kansas—Jet black, firm and delicious, as large or larger than Gregg. The hardiest black cap known, successfully withstanding the winters.

Columbian—A vigorous grower; canes often ten to fifteen feet in length and over an inch in diameter. Never suckers from the roots. Very hardy, enduring 28 degrees below zero. Fruit very large, dark red, bordering on purple; adheres firmly; rich, sprightly flavor.

Cuthbert—(Queen of the Market)—Large, conical; deep, rich crimson; firm, of excellent quality. A vigorous grower, entirely hardy, and immensely productive.

Golden Queen—Rich golden yellow. The flavor is of the highest quality, pronounced by some superior to Brinskile’s Orange. In size equal to Cuthbert; immensely productive; a very strong grower and hardy enough even for extreme northern latitudes.

St. Regis Everbearing Raspberry—This wonderful raspberry marks a new era with this popular fruit. We have a large planting of St. Regis and during September and October we picked crates of the most delicious berries, in fact there were berries on the canes all summer long.

Jumbo—A strong, sturdy grower, throwing out many laterals and fruiting to the tips and from every lateral. An immense cropper, while the fruit is extraordinarily large and handsome, firm, and of the highest quality. A deeper, richer, red when fully ripe. By mail, each 10c; 10 for 60c; 100 for $3.50.

Snyder—Extremely hardy; enormously productive; medium size; no hard sour core.

Eldorado—On account of the peculiar thick and elastic composition of the leaf of the Eldorado it stands in a class by itself. Rust or scalding sun do not affect them. If you have been disappointed in growing Blackberries, take our advice and try the Eldorado. We have the true blue stock.
Superb.
The best of all the everbearing strawberries. Very hardy and a great fall bearer.

Strawberries

Warfield, Dunlap, per 10, 20c; per 100, 75c; per 1,000, $4.50.
Splendid, Gandy, per 10, 20c; per 100, 75c; per 1,000, $5.00.

NOTICE—To parties wishing plants sent by mail add 10 cents per hundred to cover cost of postage and packing. We can ship any distance by mail and plants will arrive in fine condition.

Warfield—Imp. Medium size, roundish conical, dark red, very firm and a good shipper. A leading market variety.

Gandy—A very late berry; berries are regular, even size and firm. Commands a big price when other varieties are running out.

Splendid—Large size, good quality, and very productive. Medium to late.

Senator Dunlap—Medium to large, conical, dark red, firm and of first quality, mid-season. A vigorous grower and usually makes too many plants for best results, unless growth is restricted. It is as productive as Warfield, berries are better colored and a third larger.

Everbearing Strawberries

Progressive—All that the name implies; everybody should grow them.

Americus—Very popular and a good one; berries all summer; finest flavor.

Superb—The best plant maker with lots of big berries; best market sort.
Prices, per 10, 25c; per 100, $1.75; per 1,000, $15.00.

Campbell's Early—The berries are large, often an inch or more in diameter, glossy black with a purple bloom, sweet and juicy, with few seeds. They ripen from the fifteenth to the last of August. As a keeper and shipper this variety is unequalled by any other American grape, while as a dessert grape it is delicious.

Concord—The well known standard variety, succeeds wherever grapes will grow.

Brighton—Bunch large, well formed; berries above medium to large; round; excellent flavor and quality; one of the earliest in ripening.

Delaware—Bunches small, compact shouldered; berries rather small, round, skin thin, light red; flesh very juicy, sweet, spicy and delicious.

Lindley—(Rogers No. 9)—Berries medium to large, red; flesh tender, sweet and aromatic; ripens early.

Diamond—The leading early white grape, ripening before Moore's Early. White, with rich yellow tinge; juicy, few seeds, almost free from pulp, excellent quality; above medium size, adheres firmly to stem. Fine variety for both market and home garden.

Moore's Early—Bunch large, berry large round, with heavy bloom, vine exceedingly hardy. Its earliness make it desirable for an early market. Its hardiness particularly adapts it to Canada and northern portions of the United States.

Pocklington—Bunch and berries large, when fully ripe a light golden yellow; juicy, tender, sweet and with little pulp. Vine thoroughly hardy, strong grower, free from mildew; productive. One of the most satisfactory white varieties.

Worden—A splendid grape of Concord type, larger, better quality and earlier. Vine vigorous; hardy and productive.

Niagara—Occupies the same position among the white varieties as Concord among the black; the leading profitable market sort. Bunch and berries large, greenish white changing to pale yellow when fully ripe. Skin thin but tough; quality much like Concord.

LARGE FLOWERING CLEMATIS.

Price for strong two-year roots, 35 cents each; $3.00 per ten; $25.00 per hundred.

Duchess of Edinburgh — This is without doubt the best of the double whites. Very free flowering, very fragrant.

Jackmannii — From four to six inches in diameter, intense violet purple, with a rich, velvety appearance and distinctly veined. The best.

Bangholm Belle — Flowers are large, six to nine inches in diameter. Pure white. One of the best.

Ville de Lyon — This beautiful Clematis is much sought after, but is very scarce. The color is a bright rosy red, entirely distinct from any other sort. A grand variety.

Gipsy Queen — A unique shade in Clematis. A pretty lavender-pink, a fine contrast to the strong colored sorts. Rapid in growth and slender, graceful habit.

Sieboldii — Lovely shade of lavender. Very beautiful; distinct.

Paniculata — Small, white flowers late in the summer.

J. B. Clark—This splendid new Rose is placed by some cataloguers among the Hybrid Teas; but it is perfectly hardy, unusually large and expresses in every way the characteristics of the Remontant type. It is robust in growth, with clean, heavy foliage. Flowers are large and superbly constructed; deep scarlet overlaid with crimson.

Anne de Diesbach—Beautiful shade of carmine; very large and fragrant; quite hardy and a good forcing rose.

Baron de Bonstetten—Rich, velvety, maroon, large and full; a splendid sort.

Frau Karl Druschki—Very large, perfect form and snow white; a vigorous grower and a free bloomer. Each, 25c; per 10, $2.00.

General Jacqueminot—One of the most popular of the red roses; brilliant crimson, large and very effective, very fragrant and one of the hardiest.

Magna Charta—Extra large and full, bright rosy pink; a profuse bloomer and very hardy.

Madam Gabriel Luizet—Rich, soft pink with deep, flesh-colored center; large, full and sweet.

Geo. Arends—(Pink Druschki)—Without a doubt has few equals; lovely pink.

Hugh Dickson—Magnificent crimson, shaded with scarlet. Flowers very large, of perfect shape and fully double. Plant strong, vigorous, productive.

Conrad Ferdinand Meyer—Extra large, full deep pink; a free bloomer; very handsome, and extremely hardy.

Paul Neyron—Said to be the largest rose in cultivation; bright, clear pink, very fragrant, hardy and a strong grower.

Prince Camille de Rohan—Very dark, velvety crimson, almost black, large and full; a beautiful sort.

Moss Roses—Blanche Moreau, Crimson Globe, Princess Adelaide, Blanche Roberts, Rosa Rugosa, red and white.

Climbing Roses—Crimson Rambler, Empress of China, Prairie Queen, Yellow Rambler, Baltimore Belle, Seven Sisters, Russell Cottage, Dorothy Perkins, Philadelphia Rambler, Flower of Fairfield, Excelsa and Austrian Yellow.

Baby Ramblers—Red, White, Pink, and Yellow. Nice little bushes that will bloom all summer.

Gladioli

The Gladiolus is everybody’s flower. They have no insect pests, grow in any soil, sure to bloom and have no equal as a cut flower. Once you get the bulbs you always have them, provided you keep them from the frost during winter. The bulbs increasing in number every season. Our collection is unexcelled.

Extra choice Named varieties, 10c each; per 10, 75c; per 100, $7.00.

**America**—A splendid new Gladiolus. The color is a most beautiful soft pink.

**Baron Hulot**—Rich deep indigo blue. No collection is complete without this rare sort.

**Canary Bird**—A lemon yellow chocolate blotch of good size and substance.

**Columbia**—Flower of immense size, in color, salmon-red, spotted and slightly flaked chocolate to white in throat.

**Mrs. Frances King**—A new variety which excited great comment and admiration, both for size of flower and beauty. The color of the flower is a light scarlet, of a very pleasing shade, which attracts attention at once.

**Prinseps**—A grand, large flower, color brilliant scarlet-crimson, blotched white on the lower petals.

**Augusta**—Pure white with blue anthers.

**Glory of Holland**—White flaked rose, fine

**Gertrude**—Bright, lively pink, flecked and striped with shades of the same color.

**Klondyke**—Strong, vigorous plant, blooming early; flowers round, well opened, of a clear primrose-yellow, with blotch of vivid crimson on three lower petals.

**Harvard**—The largest and richest colored Gladiolus yet introduced. The color is a rich, velvety maroon, slightly flushed dark scarlet.

**Victory**—Color, delicate sulphur-yellow, lower petals shaded a deeper yellow.

**Golden West**—One of the best exhibition varieties.

**Velvet King**—A fine early red. Hard to beat.

**Princepine**—Brilliant crimson with white throat. Great bloomer.

**Europa**—New and rare. The finest white.

**Niagara**—The one greatest Gladiolus. Creamy pink, beautifully exquisite.

**Lily Lehman**—A most beautiful shell pink, absolutely entrancing.

**Hally**—The earliest of all, flesh pink. Bewitching.

**Panama**—Our finest dark pink. Glorious.

**Peace**—Beautiful white, with lilac feather.

**War**—Deep blood red shaded with crimson black.

**Mrs. Pendleton**—Salmon pink blotched red.

Moyle's Blue Ribbon Gladiolus

At the State Fair at Milwaukee last fall, our exhibit of gladiolus carried off all the honors for varieties and beauty of colors. I am justly proud of my collection, having spared neither time or money in securing all the choicest sorts in cultivation. Extra choice named varieties, 10¢ each; per 10, 75¢; per 100, $7.00. We will give six of these beautiful bulbs, our selection, with every $3.00 order if requested as a premium.
EARLY RICHMOND

The Best Cherry for Cooking, Canning and Shipping
Does Best in All Climates or On Any Soil

The oldest and most reliable cherry tree grown today. It has proven its excellence for generations for home and market. Fruit is good size, rich red in color; very juicy and acid flavor. It ripens about the first of June and bears abundantly. No home orchard is complete without this favorite fruit.
